Receiving bilingual support
Families needing bilingual support should reach out to Martha Figueroa for assistance. First contact should be made by email to:

figueroam@lcti.org or figueroam@mylcti.org

If a return phone call is needed, Ms. Figueroa will also call families from a blocked number. Please be aware of this when awaiting a response for bilingual support.

Participating in remote learning
During the LCTI closure, assignments will be posted in Schoology. Log-on information for Clever and Schoology will be the same combination as what is used for each student's individual mylcti.org account. For instructions about how to access Schoology, visit the LCTI website or use the following link:

http://www.lcti.org/how-to-access-assignments-online/

If you have forgotten your mylcti.org password, please contact your lab instructor for help.

2020-2021 Scheduling
Students who have not yet met with their LCTI counselor for scheduling will soon be receiving a link to complete a google survey to facilitate the scheduling process. Please continue to check your mylcti.org email address for updates about scheduling and be sure to complete the survey.

Any Academic Center students who have not completed course selection for next year will receive an additional contact from their counselor to go over courses for the following school year.

Communities in Schools
Families working with Mrs. Badu can continue to expect to have access to her services. Mrs. Badu can be reached by email as well:

badus1@lcti.org

Mrs. Badu may also reach back out to families using a blocked phone number.
